These are two conflicting reports. Seem to be made in the light of what the Engineer reports when papers are referred to him. As this bit of land is not a plot, and requires no filling up, the rate at which the original site was allotted may also perhaps be fixed in this case. Ref para 7

14) The Bd wants to give this additional bit of land at Rs 2/ (two) per sq yd and it stated that it is a fair price, considering the low level of the site. The recommendation of the Bd may be approved.

Sir,

ITB. 11-55-92

Subject:- Grant of a bit of land in Vyalikaval Extension to Sri G. Viswanatha Rao.

With reference to correspondence resting with your letter No.L.3406/ITB.11-55-58 dated 28-6-55 on the above subject, I write to state that it is reported by the Engineer Officer of the Board that though this triangular bit of land in question is not a pit by itself it is situated just at the border of the Storm water drain and a deep halla nearly 15' to 18' in depth. Moreover this additional bit of land will not be of any use to the others nor can it be sold to any one as an independent site. But the allottee wants to buy this bit of land just to prevent the Public Committing Nuisance in the area close to his site. As such a rate of Rs.2/- per Sq.Yd. fixed for this bit is fair price and the approval of Government to the proposals may kindly be obtained and communicated
